

The Analytical Group, Inc. is proud to announce the release of our latest version of WinCross.

## WinCross® 12.0 Tabulation Software

### New in WinCross 12.0:

#### New Profiles and Job Settings:

- WinCross 12.0 now has the ability to create a profile of settings that can be saved and used for future jobs with similar settings.

#### Enhanced “Edit Banner” Feature:

- **Setup|Banners|Edit Banner** has a new look and simplified process for creating and editing banners.

#### Redesigned “Charting” Feature:

- Creating charts in WinCross has been completely redesigned and charts can now be produced in Microsoft® Excel, Microsoft PowerPoint and/or Microsoft Word format.

#### Read/Write Excel 2007/2010 Files:

- WinCross 12.0 will now write Excel 2007/2010 files when saving data from the Glossary, Sample Balancing or Factor Analysis and when writing tables to Excel.

#### New Excel Options in Run|Tables|Excel Options:

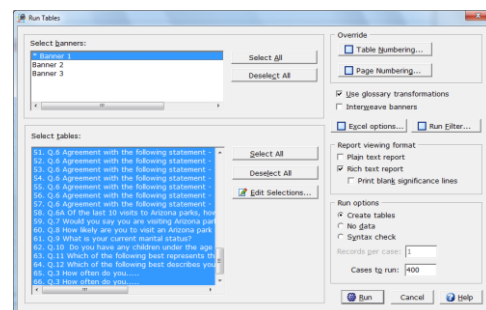

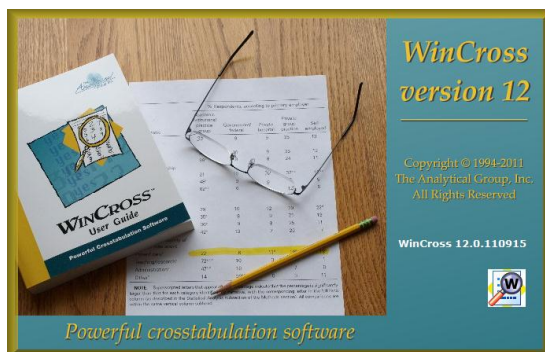

- New options have been added to **Run|Tables|Excel Options** to help make the formatting of your Excel reports easier.

#### New Calculator Tool:

- WinCross 12.0 provides a Calculator tool from the **Tools** dropdown menu.

#### Compatibility with SPSS 20.0:

- WinCross 12.0 is compatible with SPSS 20.0.
